

# INSTRUCTIONS

## House Collage

**You will need:** thick card, pens/pencils, paint, paintbrush, scissors, PVA glue, spreader, fabric/paper scraps.

Draw your house design onto the card. Cut along the outline (you may need adult help).

Paint the house a colour of your choice.

Use PVA glue to stick the scraps of fabric/paper to the house, leaving the windows and doors clear.

Look at your pretty house! You could always add some string to the back to hang your art work.
